Welcome to NelTrak.

WebTech Wireless is very pleased to be partnering with Rogers Communications, NelTech Logistics and Foster Park Baskett in the formation of NelTrak – a truly innovative and comprehensive fleet management solution for the Oil & Gas Industry.

Our telematics and location-based products and services are being successfully used by a wide variety of companies around the world to manage their fleets more effectively and efficiently. That expertise, in combination with those of our NelTrak partners, is now at the service of the energy sector.

We understand the evolving needs and challenges of your Industry and together are here to help you improve operating efficiency, increase safety and reduce costs – literally at every turn, be it in a busy urban setting or a remote well site.

We look forward to a long and prosperous relationship with our NelTrak partners and with you our customer.

Sincerely,
